AGENDA CONTINUES ON PAGE 2

1. **Call to Order**, Advisory Board Roll Call, Code of Civility
2. **Opening Remarks** (Board Chair & Executive Director)
3. **WILDFIRES ARE 100% HAPPENING THIS FALL - HOW TO PROTECT YOUR HOME:**
Wildfires in 2024 are off the chart in California. Multiple agencies have raised the chance of dangerous wildfires breaking out in the greater L.A. area this fall at a remarkable 100%. While some home hardening and defensible space activities take place over time, there are FIVE KEY THINGS you can do right now to improve your ability to survive a wildfire this fall.
4. **INSURANCE 2024. WHAT'S THE INSIDE SKINNY?:** It seems the overall insurance landscape changes every few weeks in California. What's really happening? If you can't get insurance, then you can't purchase or sell a home in many cases. What are the latest changes, and how will they help you be better protected in 2024 and 2025?
5. **ZONE ZERO:**We've been hearing about Zone 0, the mandate to remove everything within five (5) feet of the exterior surface of your home. Many people either don't understand the mandate, or refuse to follow it. Learn what the real situation is. We'll share the steps you can take right now, at very low cost, to point your home in the right direction for a Zone 0 safe home.
6. **Wildfire Fair and Fire Safe Council Announcements:** Our next Wildfire Safety Fair will take place on SEP 14, 2024 in the Hollywood Hills. Learn why attending this event may be vital to your family's safety this fall. Also, we're excited to share updates on L.A. area HOAs in the process of becoming Fire Safe Councils or NFPA Firewise sites.
7. **Adjournment**
